

REMARKS

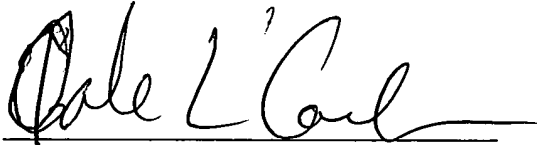

The presently presented claim set is based on the claims of International Patent Application No. PCT/GB2004/004738.

Following the entry of the Preliminary Amendment, claims 1-26 remain in the application for consideration. Claims 5, 6, 9, 12, 13, 15, 25 and 26 are herein amended to remove multiple claim dependencies, and to place the claims in better form for U.S. practice. No new matter is added herewith.

Please calculate the filing fee based on the above amended claims.

Please apply any credits or charge any deficiencies to our Deposit Account No. 23-1665.

Respectfully submitted,
John David Payne, et al.
